

## **Palo Alto Networks to Announce Fiscal Third Quarter 2013 Financial Results on May 30, 2013**

May 8, 2013

SANTA CLARA, Calif., May 8, 2013 /PRNewswire/ -- Palo Alto Networks, Inc. (NYSE: PANW) today announced that it will release its financial results for its third quarter of fiscal year 2013 ended April 30, 2013 after U.S. markets close on Thursday, May 30, 2013. Palo Alto Networks will host a conference call that day at 1:30 PM Pacific time (4:30 PM Eastern time) to discuss the results.

(Logo: <http://photos.prnewswire.com/prnh/20130508/SF04701LOGO>)

Interested parties may access the conference call by dialing 1-866-318-8620 or 617-399-5139 and entering the passcode 98558915.

A live audio webcast of the conference call will be accessible from the "Investors" section of Palo Alto Networks website at [investors.paloaltonetworks.com](http://investors.paloaltonetworks.com). The webcast will be archived for a period of one year. A telephonic replay of the conference call will be available two hours after the call and will run for five business days and may be accessed by dialing 1-888-286-8010 or 617-801-6888 and entering the passcode 23767068. The press release will be accessible from Palo Alto Networks website prior to the commencement of the conference call.

### **About Palo Alto Networks**

Palo Alto Networks is the network security company. Its innovative platform allows enterprises, service providers, and government entities to secure their networks and safely enable the increasingly complex and rapidly growing number of applications running on their networks. The core of the Palo Alto Networks platform is its Next-Generation Firewall, which delivers application, user, and content visibility and control integrated within the firewall through its proprietary hardware and software architecture. Palo Alto Networks products and services can address a broad range of network security requirements, from the data center to the network perimeter, as well as the distributed enterprise, which includes branch offices and a growing number of mobile devices. Palo Alto Networks products are used by more than 11,000 customers in over 100 countries. For more information, visit [www.paloaltonetworks.com](http://www.paloaltonetworks.com).
