

## **Palo Alto Networks to Host Analyst Day Thursday, March 21, 2013**

February 4, 2013

SANTA CLARA, Calif., Feb. 4, 2013 /PRNewswire/ -- Palo Alto Networks, Inc. (NYSE: PANW) today announced it will host its inaugural analyst day in New York City on Thursday, March 21, 2013.

Members of Palo Alto Networks management team will host a series of presentations beginning at 8:00 a.m. Eastern time. A live audio webcast of the meeting will be accessible from the "Investor Relations" section of the company's website at [investors.paloaltonetworks.com](http://investors.paloaltonetworks.com). The webcast will be archived for a period of one year.

Space for the event is limited and, therefore, attendance is by invitation only. Analysts and institutional investors interested in attending are encouraged to contact Palo Alto Networks at [ir@paloaltonetworks.com](mailto:ir@paloaltonetworks.com) as soon as possible to request an invitation.

### **About Palo Alto Networks**

Palo Alto Networks™ is the network security company. Its innovative platform allows enterprises, service providers, and government entities to secure their networks and safely enable the increasingly complex and rapidly growing number of applications running on their networks. The core of Palo Alto Networks platform is its Next-Generation Firewall, which delivers application, user, and content visibility and control integrated within the firewall through its proprietary hardware and software architecture. Palo Alto Networks products and services can address a broad range of network security requirements, from the data center to the network perimeter, as well as the distributed enterprise, which includes branch offices and a growing number of mobile devices. Palo Alto Networks products are used by more than 10,000 customers in over 100 countries. For more information, visit [www.paloaltonetworks.com](http://www.paloaltonetworks.com).

Palo Alto Networks, "The Network Security Company," the Palo Alto Networks Logo, App-ID, GlobalProtect, and WildFire are trademarks of Palo Alto Networks, Inc. in the United States. All other trademarks, trade names or service marks used or mentioned herein belong to their respective owners.
